Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: QLNVSH24SWP
Original Grant date: 4/16/2004
Applicant: Vivato, Inc.

Dear Examiner,

This is to request a Class II permissive change for FCC ID: QLNVSH24SWP originally granted on 4/16/2004.

The major changes filed under this application are:

1. Indoor unit - Model number VP2200 - replaced the original power supply PCA with a new power supply PCA.
2. Outdoor unit - Model number VP2210 – placed existing antenna and electronics that are used in the indoor VP2200 into a weather-tight enclosure.
3. Added a transient surge protection PCA for the IO ports to the outdoor VP2210.
4. Added a transient surge protection/environmental control PCA for the incoming input voltage to the outdoor VP2210. This PCA will also control a fan and a heater plate.
5. Request that the same FCC ID #, QLNVSH24SWP, be used for both the VP2200 and VP2210.

If you have any questions regarding this application, please feel free to contact me.

Sincerely,

Jeff Gilbert
