**Subject:** FCC ID: QMFOPTICAMCC-12

Dear George,

Please dismiss the following: FCC ID: QMFOPTICAMCC-12\_TC386132. The EUT is a CCD Camera and cannot connect to a computer. We were hesitant to file this application but as there was a grant on file for the original version of this camera FCC ID: QMFOPTICAM we proceeded with the application. We have been in touch with the FCC on this matter and have been informed that indeed it is merely a digital device subject to verification. If you could please dismiss this at your earliest convenience it would be appreciated. We have informed the client as to the reply from the commission and as to the EUT being a digital device subject to verification.

Thank you,  
Doug Noble
