Re: Nokia Mobile Phones

FCC ID: QMNRH-3

Dear Mr. Ward,

Following is our response to your correspondence dated April 3, 2003:

- (1) Revised EMC test report has been uploaded to ATCB website.
- (2) A letter clarifying the plot and measured value listed pages 29 and 30 has been uploaded to ATCB website.
- (3) We confirm that the SAR plots cover the highest SAR areas. The highest SAR levels are in scanned area and the reported SAR results are the maximums for the device.

We hope that the above response is sufficient to complete the review of this application and subsequently the grant of this application.

Klaus Kettunen, Product Certification Officer  
Nokia Mobile Phones, San Diego
