Re: Nokia Mobile Phones

FCC ID: QMNRH-44

Dear Mr. Ward,

Following is a response to your question dated April 4, 2003, for the above FCC ID:

(1) Pages 14 and 15 of 27:

- a. The bottom of the diamond marker on the plot depicts the actual value as measured by the spectrum analyzer, i.e. -13.76dBm and -13.69dBm .
- b. Therefore the markers, as visual indicators, are shown below the limit lines as indicated by the measured values.

Sincerely,

Ronald Chernus EMC Test Engineer
TCC, San Diego
