REQUEST FOR CONFIDENTIALITY

Pursuant to Sections 0.457 (d)(1)(ii) and 0.459 of the Commission's Rules, the Applicant hereby requests confidential treatment of some of the information accompanying this Application of FCC ID: QMNRH-66 and as outlined below:

- Exhibit 4: Block Diagram
- Exhibit 5: Schematic Diagrams
- Exhibit 10: List of Active Devices and Tune-Up Procedure
- Exhibit 12: Theory of Operation / Description of Circuitry

These materials contain trade secrets and proprietary information not customarily released to the public and the public disclosure of these matters might be harmful to the Applicant and provide unjustified benefits to its competitors.

The Applicant understands that pursuant to Rule 0.457 (d)(1)(ii) disclosure of this Application and all accompanying documentation will not be made before the date of the Grant for this Application.

The Product FCC ID: QMNRH-66 is a Tri-mode/Dual band (800/1900 MHz) CDMA/AMPS product. However, based upon customer requirements, it may be necessary to disable one of the bands of operation via software. This product will mechanically and electrically be identical to the original product – no physical changes will be made. Nokia requests the right to perform this software change at will without applying for a permissive change or a new FCC Grant.
