RE: FCC ID: QMNRH-79_ATCB003032

Attention: Michael Mobley

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the reports references part 24 for many of the tests. While the tests are to the correct rule part, references to the correct rule parts need to be in the report. Please correct the references in the report to show part 22 and not part 24.
2. Please note that the operational description states IS2000. Does this device use "New Technology" as the FCC interprets (i.e. does it use WCDMA etc)? Please explain.
