Attention: Andreas Gillmeier

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the 731 lists the part 15 BT device as well, however, no supporting test data has been included. Does the change only affect the part 22/24 device or does it also affect the BT device? If it does affect the BT device please clarify and please provide the supporting test data.
