RE: FCC ID: QMNRM-211\_ATCB004113  
Attention: Andreas Gillmeier

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the FCC ID label location exhibit cannot be held confidential. If there is too much information in the label drawing, then the easiest way to resolve the confidentiality of the device is to draw a simple block and then show the approximate location within the block area where the label will be placed. Please remove the FCC ID label location from the Short Term Confidentiality request and please provide a simple block drawing of the label location.
- 2.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
