Inquiry:

Gentlemen Under the interpretations the FCC requires all AWS devices operating in the frequency range stated in 27.5h are to be submitted under the Permit But Ask policy. We are therefore submitting a request for guidance under this policy for a portable cellphone device operating in the 1712.4 to 1752.6MHz with an output power of 0.282W EIRP and an emisison designator of 4M20F9W. The FCC ID number is QMNRM-257. The associated SAR report, test report, operational description and manual is provided with this request.

Response:

FCCID QMNRM-257 approved for initial e-filing upload, and contingent upon TCB processing in accordance with KDB pubs 941225, 450824, 628591

- please respond within this inquiry number when initial e-filing complete, to request final approval to grant
