Attention: Equipment Authorization Branch

Re: FCC ID: QMNRM-66  
Applicant: Nokia Inc.  
Correspondence Ref. No: **27529**  
Per: 47CFR 2.1043

RF:

800 MHz TX filter – second source component.  
PCS PA match change: re-optimized to allow for PA manufacturing variations. The series capacitor on the board had to increase in value, but the shunt inductor remained unchanged.

BaseBand:

Memory die shrink  
LCD display driver – second source  
Camera hardware accelerator newer version

Mechanical:

n/a

Other: second source  
Bluetooth TX SAW filter – multiple sources.  
Second source PWB  
VCTCXO – second source

Results of internal review (FCC focus):  
FCC 2.1051, 2.1053, 15.247(a), 15.247(c), 22.917, 2.1047(a)(b)/22.915, 2.1049(c)(1), 15.109, 15.111
