Re: Request for Confidentiality

Gentlemen:

In reference to the application under FCC ID: QNP-DLARM and pursuant to Sections 0.457(d)(1)(ii) and 0.459 of the Commission's Rules, the Applicant hereby requests Confidential treatment of the accompanying information as outlined below:

Schematics

Block Diagrams

Part Lists

These documents contain detailed system and equipment description and related information about the product that Secure Wireless considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Secure Wireless considers that this information would be of benefit to competitors, and that disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,
