Notice_content

Question #1:FCC Docket 01-278, 95-19 and FCC 03-149 has been published in Federal Register on Dec. 09, 2003 with effective date of Jan. 08, 2004. All applications submitted after Jan.08 shall comply with ANSI C63.4:2001 procedures. In the test report, ANSI C63.4:1992 is used. Please confirm the tests were performed per ANSI C63.4:2001 and revised the test report to indicate the test procedure used.

(Please refer to attached file, C40115404-RP_Vision-Wireless Door_EV-DW433.pdf)

Question #2: There is no test data contained in the test report. Please provide it.

(The test data is added on the report this time.)

Question #3: There are two devices showed in the page 1 of external photo. Please explain the function of both devices.

(Inside the smaller box is a magnet bar.

(Please refer to attached photo)

The function of this device is simply as a switch/braker.)

Question #4: User manual does not contain information required per section 15.21 of FCC rules. Please provide revised user manual to comply this requirement.

(The manual is modified already, please refer to attached file,thank you.)

Athena

Best Regards

Mike Kuo

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
