

Application for extension of Grant of Equipment Authorization

Hereby we apply for extension of "Grant of Equipment Authorization" dated 4 October 2002 for FCC ID: QNYBLUESPOON, Bluetooth headset mfr. Nextlink.to A/S, to also cover our Bluetooth Headsets type BLUESPOON DIGITAL and type BLUESPOON CHAMELEON.

Bluespoon vs. Bluespoon Chameleon

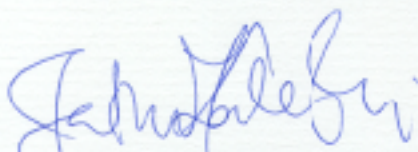

Bluespoon and Bluespoon Chameleon have same behaviour from the Bluetooth point of view. While Bluespoon supported only headset profile, Bluespoon Chameleon supports both headset and handsfree profile. Bluespoon is smaller and lighter then Bluespoon Chameleon, specifications are shown below.

	Bluespoon	Bluespoon Chameleon
Size	47mm(l) x 25mm(w) x 25mm(d)	57mm(l) x 32mm(w) x 30mm(d)
Weight	10 gr.	16 gr.

Bluespoon Chameleon has rechangable cover while Bluespoon doesn't. In Bluespoon we use flexprint while in Bluespoon Chameleon we use FR4 print. We use the same electronics in Bluespoon Chameleon as in Bluespoon.

Bluespoon vs. Bluespoon Digital

Bluespoon and Bluespoon Digital have same behaviour from the Bluetooth point of view. While Bluespoon supported only headset profile, Bluespoon Digital supports both headset and handsfree profile. Bluespoon and Bluespoon Digital have same weight and size. Bluespoon Digital uses a DSP processor for audio enhancement while Bluespoon uses just a normal codec. Bluespoon Digital uses two high-end microphones to pick up the sound from surrounding while Bluespoon uses only one low-cost microphone
