

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph showing a close-up of a small green PCB component with a solder bridge. The component is positioned on a blue textured surface. A black ruler with white markings is visible in the background, showing measurements in millimeters. The ruler is oriented vertically, with the 0 mm mark at the bottom and the 100 mm mark at the top.
--	---

Solder Board-Component View 4	 A photograph of a small electronic component, likely a microcontroller or sensor module, mounted on a green printed circuit board (PCB). The component is positioned next to a black ruler with white markings, showing its size. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented vertically, with its longer side parallel to the ruler's markings. The background is a light blue textured surface.
Solder Board-Component View 5	 A photograph of the same electronic component from a different angle, showing its top surface. The component is mounted on a green PCB and is positioned next to a black ruler with white markings, showing its size. The ruler has markings in millimeters (0 to 70) and centimeters (0 to 10). The component is oriented horizontally, with its longer side parallel to the ruler's markings. The background is a light blue textured surface.
