

Single Outlet Wi-Fi Plug-in Switch

Model - 51511, 51512, 51514, 58683, WFD4105
WFD4107

Indicator LED

- Solid - connected device ON
- OFF - connected device OFF
- Flashing - Wi-Fi setup mode

Manual/program button

- ON/OFF control
- Pair to network
- Switch between auto and manual setup modes
- Restore factory defaults

Grounded outlet

Remotely operate your smart switch with the easy-to-use Enbrighten app. Follow the available instructions and resources to set up your smart device.

1

Download the app

Scan the QR code above or search Enbrighten on the Apple App Store or on Google Play

2

Setup and installation

1. 

2. 

Create an account in the Enbrighten app

Plug the smart switch into a grounded indoor outlet

3

Setup and installation

3. 

4. 

Plug the controlled device into the smart switch - power switch for the light or small appliance must be ON

Add devices, control the smart switch from anywhere and create schedules

4

Voice control

Compatible with Amazon Alexa and Google Assistant-enabled devices

Follow the steps in the Amazon Alexa or on the Google Home app to connect the Enbrighten app or select "Support" in the Enbrighten app

Suppliers Declaration of Conformity | Model #: 51511, 51512, 51514, 58683, WFD4105, WFD4107 | Jasco Products Co., 10 E. Memorial Rd., Oklahoma City, OK 73114, www.byjasco.com This device complies with Part 15 of the FCC and Industry Canada license exempt RSS standards. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Important note: To comply with the FCC RF exposure compliance requirements, no change to the antenna or the device is permitted. Any change to the antenna or the device could result in the device exceeding the RF exposure requirements and void user's authority to operate the device.

- DO NOT EXCEED ELECTRICAL RATINGS
- DO NOT USE WITH EXTENSION CORDS

Interrupor Enchufable Wi-Fi de Salida Única

Opere de forma remota su interruptor inteligente con la app
Enbrighten fácil de usar. Siga las instrucciones y los recursos
disponibles para configurar su dispositivo inteligente.

Modelo- 51511, 51512, 51514, 58683, WFD4105
WFD4107

Luz LED indicadora

- Sólida: el dispositivo conectado está encendido
- Apagada: el dispositivo conectado está apagado
- Destellando: modo de configuración de wifi

Tomacorrientes
conectados
a tierra

Botón manual/de programa

- Control de encendido y apagado
- Emparejar con la red
- Alternar entre los modos de configuración automático y manual
- Restaurar los ajustes de fábrica

1

Descargue la app

Escanee el código QR anterior o
busque Enbrighten en App Store de
Apple o en Google Play

 Consíguelo en el
App Store

 DISPONIBLE EN
Google Play

3

Configuración y instalación

Enchufe el dispositivo
controlado en el
interruptor inteligente.
El interruptor de
alimentación debe estar
encendido para que la
luz o el aparato
pequeño se encienda

Agregue dispositivos,
controle el interruptor
inteligente desde
cualquier lugar y cree
horarios

2

Configuración y instalación

1. Cree una cuenta en
la app Enbrighten

2. Enchufe el interruptor
inteligente en un
tomacorriente de
interior con conexión
a tierra

4

Control por voz

Compatible con Amazon Alexa y Google
Assistant-dispositivos habilitados

Siga los pasos en la app de Amazon
Alexa o Google Home para conectar la
app Enbrighten o seleccione "Apoyo"
en la app Enbrighten

Declaración de conformidad de proveedores | Modelo n.º: 51511, 51512, 51514, 58683, WFD4105, WFD4107 | Jasco Products Co., 10 E. Memorial Rd., Oklahoma City, OK 73114, www.byjasco.com

Este dispositivo cumple con las normas RSS de exención de licencia de la Parte 15 de la FCC y de Industry Canada. Su funcionamiento está sujeto a las siguientes condiciones: (1) este dispositivo no podrá causar interferencias perjudiciales, y (2) este dispositivo debe aceptar cualquier interferencia recibida, incluidas las interferencias que puedan causar un funcionamiento no deseado.

NOTA DE LA FCC: El fabricante no se responsabiliza por ninguna interferencia de radio o TV causada por modificaciones no autorizadas a este equipo. Tales modificaciones podrían anular el derecho del usuario a hacer uso del equipo.

NOTA: Este equipo se sometió a pruebas y cumple con los límites establecidos para un dispositivo digital Clase B de acuerdo con la Parte 15 de las Normas de la FCC. Dichos límites están diseñados para proporcionar una protección razonable contra la interferencia perjudicial en una instalación residencial. Este equipo genera, usa y puede irradiar energía de radiofrecuencia. Si no se instala y usa de acuerdo con estas instrucciones, podrá causar interferencia perjudicial a las radiocomunicaciones. Por otro lado, tampoco es posible garantizar que no ocurrirán interferencias en una instalación en particular. Si este equipo causa interferencias perjudiciales en la recepción de radio o televisión, las cuales pueden comprobarse encendiendo y apagando el equipo, se recomienda al usuario que intente corregir la interferencia adoptando una o más de las siguientes medidas:

- Cambiar la orientación o ubicación de la antena receptora.
- Aumentar la distancia entre el equipo y el receptor.
- Conectar el equipo a la salida de un circuito diferente al cual está conectado el receptor.
- Consultar al distribuidor o a un técnico de radio o TV experimentado para obtener ayuda.

Nota importante: Para cumplir con los requisitos de cumplimiento de exposición de radiofrecuencia de la FCC, no se permiten cambios a la antena o el dispositivo. Cualquier cambio a la antena o dispositivo podría hacer que el dispositivo supere los requerimientos de exposición de radiofrecuencia y anular la autoridad del usuario para operar el dispositivo.

FCC/IC Caution

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

IC Caution

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et**
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.**

***RF warning for Mobile device:**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
