RE: Leica Geosystems, Inc.

FCC ID: QOHGS20

After a review of the submitted information, I have a few comments on the above referenced Application.

- 1) There has been a change in circuitry and change of power. Modifications to the TX do not meet the requirements of 2.1043. Because the Bluetooth module is a different module, this may only be Certified under a complete application with a new FCC ID. Please review

Timothy R. Johnson
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
