To whom it may concern,

Cover letter Class II Permissive Change (WGM110)

Silicon Laboratories Finland Oy / Bluetooth module WGM110, IC 5123A-WGM110 / FCC ID: QOQ-WGM110 would like to have your authorization as Class 2 Permissive Change to add a model WGM110E with antenna connector. The model WGM110E is electrically identical to WGM110A. The only difference between models WGM110A and WGM110E is that while WGM110A has an embedded chip antenna, in WGM110E the chip antenna is replaced with an antenna connector.

Sincerely,

Pasi Rahikkala

Staff HW Engineer

Silicon Labs Inc.
