Ref: FCC Class II permissive change and IC Re-assessment for the product with model: **WT11i-A**; (FCC ID: **QOQWT11IA**, IC: **5123A-BGTWT11IA**)

Dear Examiner,

This is to request FCC Class II permissive change and IC re-assessment for the product with model: **WT11i-A**; (FCC ID: **QOQWT11IA**, IC: **5123A-BGTWT11IA**). The main changes are described below:

- The device will be installed in portable exposure conditions. New RF exposure evaluation based on SAR measurements is submitted to cover the installation in the module in the following host device:
 - o Brand name: **Polar**
 - o Model name: **TEAM² TRANSMITTER**
- EDR operations of this Bluetooth transmitter are disabled by SW. Only Basic rate operation (1 Mbps) with GFSK modulation is used while the equipment is integrated in **Polar TEAM² TRANSMITTER**.

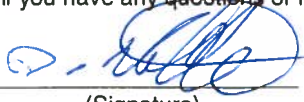

There is no hardware modification made to the modular transmitter itself.

Compliance/Responsibility statements:

- Test reports according to FCC 15.247 and RSS-210 Issue 8 of the original grant remains valid and applicable and they are representative of the compliance of this module once it is installed in **Polar TEAM² TRANSMITTER** host device.
- New exhibits to demonstrate compliance with RF exposure requirements are submitted with this application.
- The product remains compliant with all the applicable rules and requirements once installed in **Polar TEAM² TRANSMITTER** according to the configurations covered by this application and host product manufacturer will be instructed to follow the approved configuration.
- Changes in the configurations indicated in this application and final compliance of the host device + modules composite system fall under the responsibility of the host product manufacturer.

Please contact me if you have any questions or need further information regarding this application.
