RE: FCC Class 2 Permissive Change
FCC ID: QOQWT41

Dear Application Examiner

Bluegiga Technologies Oy / Bluetooth module, FCC ID: QOQWT41E, would like to have your authorization for a Class 2 Permissive Change. The C2PC is to add another antenna for WT41-E. The antenna is monopole chip antenna placed on a carrier PCB designed by MSC Freiburg GmbH. The antenna datasheet and the carrier board drawings together with the test report are provided within this application.

Best regards
