Communications

February 22, 2003

Gentlemen:

The AirLink PinPoint CDMA Model C3310 modem does not require any tune-up procedures. The C3310 uses the embedded OEM modem module, the SB555 from Sierra Wireless, and is preset in the manufacturing process.

AirLink Communications, Inc.

A handwritten signature in black ink, appearing to read "J. Baichtal". The signature is fluid and cursive, with a large initial "J" and "B".

Jim Baichtal
Vice President of Engineering
