Re: FCC ID: QSV2210  
731 Confirm Number: EA691028

Additional items submission:

1. Test Report completion (see below comments)
2. External Photos of Model 2210RA
3. Schematic Diagram of Model 2210RA
4. Parts List for Model 220RA

Concerning these additional items filings, items 2 through 4 are attached as requested.

On review of the Test Report (which we previously filed "2.1033 test report" dated 14Mar2003) our engineer believes he has responded and submitted all the requested items listed in 2CFR1033 paragraph C (items 1-17). If there are additional items needed or more detailed electronic data we can comply as you request – please indicate the exact additional data needed.

Additionally, we would like to make these data filings confidential rather than open to internet viewing. Can we convert this filing to that at this time?

Respectfully submitted,

David Anderson
