**This is sent to FCC/Correspondence filing in response to today's telecon with Stan Lyles and George Tannenhill. The filings below (Additional Test Report items and Cover Letter) were submitted as Added Attachments on approximately 10 Nov 2003.

1. This correspondence includes the attached report detailing the Additional Test Report items you requested. Hopefully we have properly addressed these last items and can proceed with the Certification.
2. Additionally, we would like to make these data filings confidential rather than open to internet viewing. Can we convert this filing to that at this time?

Respectfully submitted,

David Anderson
