RE: Airespace

FCC ID: QTZUSAP1200A

I have a few comments on the above referenced Application.

- 1) The BOM contains 2 RF TX Cards. This device only contains 1 TX card. Please explain.
- 2) Please provide a schematic for this device. The schematic provided only contained a block diagram.
- 3) Please provide a users manual for this device. This manual must include appropriate FCC statements and RF exposure information.

A handwritten signature in black ink, appearing to read "Timothy R. Johnson", is written over a light blue horizontal line.

Timothy R. Johnson  
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
