

Sensor Magnetic Field Generator

FCC Label:

3.5" 1.5"

iWAREHOUSE Input: 16-30 Vdc, 96W

Patent: www.raymondcorp.com/patents

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

FCC ID: QUI-DDAC-PDS-GEN2
IC: 11625A-DDACPDGEN2

ASTO FIRE AND ELECTRICAL SHOCK HAZARD ONLY
ELECTRICAL ACCESSORY FOR USE IN INDUSTRIAL TRUCKS

AUS246 < > 1374869

FC CLASSIFIED C UL US

24V Configuration Label

3.5" 1.5"

iWAREHOUSE Input: 24-60 Vdc, 96W

Patent: www.raymondcorp.com/patents

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
