RE: FCC ID: QURNHL-12X\_ATCB001359

Attention: Esa Hakala

I have a few comments on this Application.

1. Please note that part 15 devices require block diagrams in accordance with 2.1033. Please note that the block diagram provided does not list the frequencies of operation. While this is a Bluetooth and this is generally known and while it is clear that the phone provides 12MHz, the requirements still need to be met in reporting the operating frequency at the antenna of the BT.
