

1. Please provide a request for confidentiality letter which specifically lists those items to be confidential.

[Letter is already uploaded. This letter override all other confidentiality requests.](#)

<a href="#">Confidential_Exhibit13_confidentiality_request.pdf</a>	4/28/2005 8:26:03 AM	Application Forms	25091	tehuhtal	ATCB002373
--	----------------------	-------------------	-------	----------	------------

2. Please note that the ATCB server indicates this is also a 15B certification . However, the 731 only mentions parts 24 and 15C. Please clarify. Is this application also a 15B certification application ?

[Yes , this application is also 15B certification application. Corrected form 731 uploaded.](#)

3. Please provide the required separate test photo exhibit for part 15. if this is a part 15B as well as a 15C application, please provide 15B photos showing compliance to the setup requirements of ANSI C63.4 2003.

[RM-42\\_test\\_setup\\_photographs.pdf](#) uploaded to ATCB server.

4. Please note that on pages 8 and 9 of the report "1031\_RM-42\_Tre\_FCC\_0515\_02.pdf" the bottom of the graph is cut off and it is not clear if the center frequency is the band edge frequency. Please also note that if it is, then the device appears to fail band edge requirements. Please explain and please provide compliant data for band edge testing.
