Re: Letter of Authorization

To Whom It May Concern:

This letter authorizes Berntsen International Inc. to apply for a Class II Permissive Change from the Federal Communications Commission (FCC) on behalf of Trimble Navigation Limited (as successor in interest to ThingMagic, Inc.) for FCC ID: QV5MERCURY5E. This permissive change is to allow co-location of FCC ID: QV5MERCURY5E with Roving Networks Bluetooth modules RN-41-SM (FCC ID: T9JRN41-1) and RN-42 (FCC ID: T9J-RN42) in Berntsen International's products and should in no way affect the original FCC grant: QV5MERCURY5E.

This authorization relates to Trimble's ThingMagic Mercury5e embedded RFID reader module (original FCC grant ID:QV5MERCURY5E) and shall expire six (6) months from the date first noted above.

Sincerely,

A handwritten signature in blue ink, appearing to read "T. H. Grant".
