To Whom It May Concern,

Regarding the material submitted for the ThingMagic M5e-Compact, the Cushcraft the antenna model number listed in the manual and the modular approval request letter (S8658WPR) is same as the model S8658WPR-T-01 for which the specification sheet has been supplied.

A handwritten signature in black ink, appearing to read "Paul Franzosa", followed by a long horizontal line extending to the right.

Re: RFID antenna part number

To Whom it May concern,

The Cushcraft part number S8658WPR-T-01 (RFID antenna) on units supplied to ThingMagic were labeled as S8658WPR-P-01. They are both the same part and have the same specifications.
