Subject: Attestation of Operating Bands

Application for FCC ID: QWP-50650  
Application for IC ID: 109AO-50650

Applicant: Cambium Networks Ltd

Dear Examiner,

Cambium Networks attest that while hardware platform for the PTP 650 ODU is capable of operation in the frequency bands listed below, we can confirm that the 5150 – 5250 MHz which is the European Broadband Disaster Relief band is not installed in units shipped from the factory to either the United States or Canada.

- 4940 to 4990 MHz
- 5150 to 5250 MHz
- 5250 to 5350 MHz
- 5470 to 5725 MHz
- 5725 to 5875 MHz

Sincerely yours,

Donald W Reid  
Principle Regulatory Engineer  
Cambium Networks Ltd
