Columbia MD 21046

Dear Examiner,

FCC ID: QWP-50650

Subject – Attestation of compliance with the requirements of KdB 848637

Cambium Networks confirm that: -

The selection of operating mode, Master or Client, is fixed during installation.

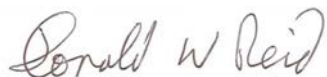

Limitation on operation is fixed during manufacture of the FCC certified product to prevent the installer or end user configuration the PTP 50650 for improper operation.

The PTP 50650 product supports DFS detection when operating in either Master or Client modes.

While the Client supports DFS the implementation complies with Part 15.202 where the PTP 50650 Client can only transmit under the control of the Master.

When in Non-Associated Client Mode the PTP 50650 cannot transmit.

Yours sincerely

Donald W Reid
