

MOTOROLA
PDU Plus - PTP 600 Series

Manufacturers No: E083105AM G
Product Code: ACPH5W200-03A
Made in: China
Motorola PIN: WB2521

Power Supply Section:
Input: 100-240V AC (Wide Range)
47-63Hz, 1.5A
or
Output: 200V - 48-50Hz, 1A
DC Out: 48-50Hz, 1.5A
Max. Combined Output Current: 1.5A

Complies with
UL 817
CSA C22.2 No. 9500

CAUTION: For use in indoor environment only

An external AC surge suppression device is recommended for use with the Motorola PTP 600. For infrastructure installations, Motorola Engineering recommends an AC line surge suppression unit that meets the standard IEC 801-5 (EN61000-4-5) Class 5 at +/- 6Kvolts on AC power source Line-Ground and +/- 4Kvolts on Line-Line.
