## **INTERNAL PHOTOGRAPHS OF PTP5X250**

**Subject: Certification Application, Grant: QWP5X250**

To whom it may concern

The Internal Photographs submitted as part of this application and included below have been extracted from the test report prepared by Sporton (FR052615-01) for the PTP58250 product that was approved by the FCC under QWP58250.

We confirm that the photographs below can be used for the new application for the combined DTS/UNII device to be approved under FCC ID: QWP5X250 as this device is electrically and mechanically identical to the device covered in original report for FCC ID: QWP58250. Therefore these photographs are fully representative of PTP5X250

Yours sincerely

A handwritten signature in black ink, appearing to read 'Clem Fisher', written over a white background.
