**Attestation**

APL20-065 has separate firmware and SKUs for North America and International product assemblies. The products shipped under the North American SKU will limit the radio to stay within the legal requirements for the USA and Canada. The country setting or any other setting accessible the user cannot override this.

This statement is in the manual.

**North American Authorized Channels**

SonicWALL declares that the APL20-065 (FCC ID: QWU-06C)(IC: 4408A-06C) and APL20-064 (FCC ID: QWU-06D) (IC: 4408A-06D) when sold in US or Canada is limited to CH1~CH11 by specified firmware controlled in the USA.

Sincerely yours,

---
