61381 Friedrichsdorf/Ts,
Germany

Validity of the Conducted Test Results from the Integrated Module

To Whom It May Concern:

We hereby declare that that the results of the conducted measurements performed on radio module:

Manufacturer: peiker acustic GmbH & Co. KG
Model: V1140-101
FCC ID: QWY-V1140-101
IC ID: 6588A-V1140101

and as reported in the following module test reports:

Report Number: 6-0315-13-1-3a, Issue Date: 07/24/2013 (Technology GSM/E-GPRS)
Report Number: 6-0315-13-1-3b, Issue Date: 07/27/2013 (Technology WCDMA)
Report Number: 6-0315-13-1-3c, Issue Date: 07/27/2013 (Technology LTE)

apply to radio module:

Manufacturer: peiker acustic GmbH & Co. KG
Model: V1140-101-1
FCC ID: QWY-V1140-101-1
IC ID: 6588A-V11401011

but also to host equipment:

Manufacturer: peiker acustic GmbH & Co. KG
Model: ATM-01 T2-US-4GW
FCC ID: QWY-ATM-T-622
IC ID: 6588A-ATMT622
Embedded module: V1140-101-1

The validity of the module test results is maintained on the host device as a result of the module being integrated without any change and of the host external adaptation circuitry having no impact.

Yours Sincerely,

i.V. Gerald Müller
Vice President Development

i.A. Sven Sander
Head of Technical Project Management

Friedrichsdorf,
31/05/2016
