

PHOENIX TEST-LAB GmbH
Product Certification
Königswinkel 10

D 32825 Blomberg

Friedrichsdorf 20.08.08

FCC ID: QWY-UMI

To Whom It May Concern:

The FCC statements (§15.19 Labelling Requirements)

"This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation"

and (§15.21 Information to the User)

under relevant title "CAUTION TO USERS" or "FCC WARNING" or "NOTE"

"Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment "

will both be placed in a prominent location in the users manual.

The FCC statement (§15.19 Labelling Requirements) is not placed in the label of the equipment due to the following reasons:

- Required text is already included in the user guide
 - After this equipment is assembled ex-factory, the user is not easily able to see the FCC text.
- As this device is generally installed "out-of-sight" (hidden from user) in vehicles, the user manual is the only end-user visible "part".

If you have any questions, please feel free to contact me at the address shown below.
