Justification letter for re-use of Test report

To whom it may concern:

Peiker herewith declares the module FCC ID: QWY-V1140-100 being a variant of the previously certified module FCC ID: QWY-V1140-101.

The differences between QWY-V1140-100 and QWY-V1140-101 are as follows:

QWY-V1140-100	QWY-V1140-101
GSM 850/900/1800/1900	GSM 850/900/1800/1900
3G FDD I /VII	3G FDD II / V
LTE FDD B3, B7, B20	LTE FDD B2, B4, B5, B17

Both modules have the same Baseband and RF Chipset, the same PCB layout, antenna solution and the same SW build (application & Modem).

Based on this, the FCC Part 22/24 test report for GSM 850 and GSM 1900 issued for FCC ID QWY-V1140-101 also apply for FCC ID QWY-V1140-100.

The FCC Part 27 Test for LTE Band 7 has been done additionally as well as an overall MPE evaluation of the module.

Yours sincerely

Name

i.V. Gerald Müller
Vice-President Development

i.A. Philippe Seguret
Certification Coordinator
