

**Declaration about Cellular Hardware –  
Model V1140-101-1 versus Model V1140-101**

To Whom It May Concern:

Product/Model: V1140-101-1  
FCC ID: QWY-V1140-101-1  
IC ID: 6588A-V11401011

We hereby declare that the V1140-101-1 module (FCC ID: QWY-V1140-101-1) uses the same GSM, UMTS, LTE cellular transmitter hardware as the V1140-101 module (FCC ID: QWY-V1140-101). The only hardware change between the two devices is the depopulation of the GSM900 & GSM1800 RX paths realized on V1140-101-1. Pages 14 & 17 of the schematics highlight the components being removed (red circles).

In consequence, the results of the conducted measurements performed on V1140-101 (contained in test reports Nos. 6-0315-13-1-3a, 6-0315-13-1-3b and 6-0315-13-1-3c) also apply to V1140-101-1.

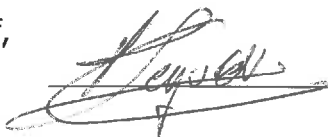

If you have any questions, feel free to contact us at the address shown below.

Address: Max-Planck-Straße 28-32  
61381 Friedrichsdorf  
Germany

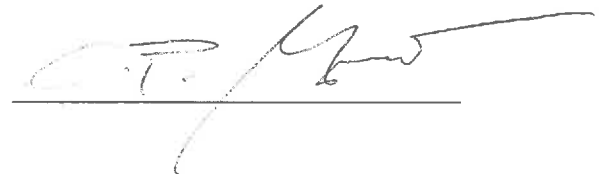

**i.A. Philippe Seguret**  
Certification Coordinator

**i.A. Christoph Ziegler**  
LTE-NAD Hardware Lead

Friedrichsdorf,  
14/01/2016
