Request for update report and internal photo for FCC&ISED

FCC ID: QXO-AP305C

IC:4141B-AP305C

Date: 2019-10-28

TO: Federal Communication Commission &
Innovation, Science and Economic Development Canada (ISED)

1. We find there is an error of 5G FCC &ISED Report, in item 10.6 test result of Frequency Stability, the test data was wrong, we confused it with another model,. Please allow us to update the report.
2. In Internal Photo, antenna 1 and antenna 2 are mislabeled
3. In ISED RF Exposure Report, the max output power of 5.1G is wrong, it is inconsistent with the report, we also update it.

We will audit the report more rigorously and reduce the occurrence of such errors.
Please allow this update, thank you
