Date: 25 March 2024

Federal Communications Commission
Equipment Authorization branch
7435 Oakland Mills Road
Columbia, MD 21046

Reference: FCC ID QXS-LIB02S2 Application

To Whom It May Concern:

This letter is to attest that the hardware is electrically identical between the two device models, FreeStyle Libre 2 Sensor and FreeStyle Libre 2 Plus Sensor, so they can be filed under a single FCC ID.

The only differences between these two models relate to software and the chemistry of the sensor. They both have the exact same Printed Circuit Board Assembly (PCBA), internal and external hardware, including enclosures and mechanical components and dimensions, and frequencies of operation.

Sincerely Yours,

A handwritten signature in black ink, appearing to read 'Hila Ralston'. The signature is fluid and cursive, with a long horizontal stroke at the end.

Hila Ralston
Principal Electrical Engineer
