

FCC ID: QYUM411

Date: 31st of August 2012

Subject: Description of change in the printed circuit board of WM0092-xxx-x for FCC

To Whom It May Concern:

The printed circuit board assembly of the WM0092-xxx-x was changed in the following way:

- Change in the 5 layer stack-up of the Flexible Printed Circuit board: Layer 3 and Layer 4 metal was swapped, no other change in the metal

No other layout or metal changes were performed. No components were changed in the printed circuit board assembly.

Best Regards,

A handwritten signature in blue ink that reads "Alexander Schoenen". The signature is fluid and cursive, with a long horizontal stroke at the end.

(Alexander Schoenen,
Senior Electrical Engineer,
Nike, Inc.)
