Columbia, MD 21046

Gentlemen:

Landis+Gyr Technology, Inc. respectfully requests confidentiality of certain materials provided with the submission of Honeywell's GNIC under FCC ID: QZC-GNIC in accordance with FCC Regulations 0.459. The confidentiality request applies to the RF Mesh Regulatory Compliance Base document/Theory of Operation contained in this filing.

FW stacks (Mesh, Mesh IP and Wi-SUN) have been developed at considerable effort and expense by Landis+Gyr Technology, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

James L. Stortz
