Dear Will,

I have performed the review of the above referenced TCB application for Certification and find that the following item needs to be addressed before the review can be completed:

The FCC Label and Label placement exhibit shows both the Outdoor Unit (ODU) and the Indoor Unit (IDU) being labeled with the FCC ID Number. The since these are 2 separate enclosures and the ODU is the Transmit portion, the FCC ID Label should only be placed on the ODU. Please revise the FCC Label and Location exhibit to only label the ODU.

Best regards,

Chris Harvey
