Dear Dennis,

Thank you very much for your speedy response to our submission.  
Statements below are reply to your comments. Please confirm.

Reply to your comment No.1:

As you stated on your email, professional installation is inappropriate for this device. Also Antenna Connector of this device is not a standard one. We made mistake on the report. So please find attached "Revised Test Report[23FE0027-YK].pdf". About Antenna Type, please find "MBH2BT01 Components.pdf" and "MBH2BT01 BOM.pdf"

Reply to your comment No.2:

Antenna is placed on circuit board of module. Please refer to submitted photo and block diagram.

I appreciate for your issuance of grant soon. Please let us know if you have any other remarks.

Best Regards,
