To Whom It May Concern:

In accordance with 0.459 of CFR 47, Flarion Technologies, Inc. requests confidentiality for the following:

- Block Diagrams/Schematics PAD Schematic71-0163-002.pdf
- Parts Lists/BOM's PAD_BOM1.xls

and any other proprietary documents contained in or accompanying the subject test report.

These documents contain detailed system and equipment descriptions and related information about the product, which Flarion considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve Flarion feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.
