## Confirmation letter

Re: Professional Installation for GateOne 500A and GateOne 240G

To whom it may concern:

Since this device incorporates a standard N connection, this device will be limited to Professional Installation only. It is addressed as below.

a) Marketing

The device cannot be sold retail, to the general public or by mail order. It must be sold to dealers or have strict marketing control.

b) Requires professional installation

Installation of this device should be accomplished only by a qualified wireless LAN system installer who is:

- Knowledgeable of the use, installation and configuration procedures and associated networking components.
- Knowledgeable of each system component's equipment User and Installation Guide.
- Knowledgeable of the installation and configuration procedures for the site's network infrastructure system and wiring.
- Knowledgeable of the installation procedures, safety, and code requirements for the site's antenna, antenna mast, antenna cabling, and installation. ZyGate highly recommends that the antenna installation be performed by a qualified antenna installation professional.

c) Application

The intended use is generally not for the general public. It is generally for industry/commercial use.

Should you have any question, please don't hesitate to contact me.
