Applicant's declaration concerning RF Radiation Exposure

We hereby indicate that the product

... **EasyTrack 6618 Sample A...**

is considered to be a mobile transceiver.

The external antenna used for this mobile transmitter must provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement concerning minimum separation distances from enclosure of the ... **EasyTrack 6618 Sample A** ... will be integrated in the user's manual to provide end-users with transmitter operating conditions for satisfying RF exposure compliance.

The appropriate information can be drawn from the test report no.
.. G0M20312-8443-P-24.. and the accompanying calculations.
