CORES number: 0010717718

FCC ID: R4N-EMV5GHZ

Re: Class 2 Permissive Change

To Whom It May Concern:

This application submittal provides documentation in support of a Class II permissive change to update the RF Exposure exhibit. This equipment has been granted under FCC ID: R4N-EMV5GHZ, issued 6/30/2020. The equipment remains electrically identical as original equipment and information on record continues to apply. The change from the original application addresses the RF Exposure exhibit as the manufacturer utilizes a lower gain antenna system. An updated RF Exposure exhibit has been provided supporting the request. The form 731 and application have been electronically submitted and any attachments will be uploaded to your web site for use in obtaining grant of certification. Should you require any further information, please contact the undersigned. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Scot Rogers".
