Luminion HEMIS PRODUCT – USER MANUAL
Model name: MAT010301001
FCC ID: R5D10301001
IC: 22682–10301001

Before settting up Luminion HEMIS you need to download the MyHemis application from Ubiant (available on Google Play store or Apple AppStore) in your smartphone. You also need to have an installed and working HEMIS Gateway at your home.

While MyHemis application and HEMIS Gateway are available, you can add Luminion HEMIS product to your account by either scanning the product NFC tag, or scanning the QrCode on the bottom (if NFC is not supported by your phone). Then you need to power up Luminion HEMIS by using the provided adapter in the box.

Once the setup routine is finished, the Luminion will be connected to your Hemis gateway. You can see that the Luminion will blink purple to show that everything is okay.

Your Luminion is now running. The different lights on Lumition Hemis will turn on according to your setting in the smartphone application.

Federal Communications Commission (FCC) Interference Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generate, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.
However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is   connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.
