To Whom It May Concern:

Ref: Application Modular Approval Certification for FCC ID: R5Q-TOBYL100

The following attestation addresses requirements to support licensed modular approval:

1. This device is designed for mobile or fixed operation; portable operation is subject to a Class 2 permissive change application or to a new and separate FCC ID.
2. The maximum antenna gain is limited to 3.0 dBi for the LTE Band 4 and 1.5 dBi for LTE band 13, as calculated in the RF exposure exhibit.
3. The product has a FCC ID label on the device itself. Also, the OEM host end product manufacturer will be informed to display a label referring to the enclosed module. The exterior label will read as follows: "Contains Transmitter Module FCC ID: R5Q-TOBYL100" or "Contains FCC ID: R5Q-TOBYL100".
4. We request to include in the grant the following words in the device description or grant notes: "modular transmitter" or "transmitter module".

If there are any additional questions or if further information is needed, please contact us.

Sincerely,

A handwritten signature in black ink, appearing to read 'JB', followed by a long horizontal flourish.
