

The image shows a green printed circuit board (PCB) for a mobile phone. The board is populated with various electronic components, including integrated circuits (chips), capacitors, and connectors. A white label is affixed to the top right section of the board, containing the following text: "408277161", "T9M00V", "T9M00V", "130-172002", and "PIN UGG". The board is mounted on a yellowish-brown substrate. The components are arranged in a structured layout, with some larger chips and capacitors visible on the left and right sides. The overall appearance is that of a standard mobile phone motherboard.
